Book Description

Scholarship Assessed continues the exploration begun by *Scholarship Reconsidered*. It examines the changing nature of scholarship in today's colleges and universities and proposes new standards with a special emphasis on methods for assessment and documentation.

Begun under the oversight of Ernest L. Boyer, and based on the findings of the Carnegie Foundation's National Survey on the Reexamination of Faculty Roles and Rewards, *Scholarship Assessed* provides a base of information for and gives focus to the debate of institutional standards of rigor and quality.
