

DONATE TO THE SEE ANNUAL SCHOLARSHIP FUND

Dear Colleagues,

To celebrate SEE's rich leadership, history and legacy in Experiential Education, the Board of Directors proudly announces the creation of an Annual Fund in order to serve the current and future membership. The primary objective of the Fund is to provide limited financial resources in support of the following areas:

- Professional Development for undergraduate/graduate students in Experiential Education by offering national/regional conference travel grants and conference registration assistance including development of and presentation on panel sessions
- Professional Development funds for minority undergraduate/graduate students pursuing field based research/projects and conference travel grants
- Grant/Scholarship funds to support undergraduate/graduate field based research in Experiential Education
- Grant funds to support faculty research in Experiential Education including participation in SEE's Professional Development Center programs

We encourage you to contribute at a comfortable level to enhance and to celebrate another 40 years of SEE by making a donation to the Annual Fund prior to or at the Miami Conference. Make a Contribution and you will be recognized at the Conference and your name will appear on the Donor's List to be published in a post Conference Quarterly publication. Please contact any Board member with your questions about the Annual Fund.

You may send your donation directly to our National Office, 856-423-3427. (Please specify that your donation is THE SEE ANNUAL FUND.) SEE also accepts Visa, MasterCard, and AMEX.

If you wish to donate, please [click here](#) .

CELEBRATE 40 MORE YEARS!
